

Maybe the Biggest Threat
to Your Home
Isn't a Fire,
a Flood
or an Earthquake.

It's Your Car.

**It's one thing to be in the wrong place at the wrong time.
It's another to have the wrong insurance at the wrong time.**

Get into a covered car accident without enough auto liability coverage, and you could be exposing yourself — and all your assets — to an accident-related lawsuit that could cost you thousands, if not millions.

If you are concerned, give your Chubb-appointed independent agent a call to verify that you have the proper coverage. You trust Chubb to protect your largest asset — your home. Doesn't it make sense to trust Chubb to cover your largest exposure to a lawsuit — your car?

Talk to your Chubb-appointed independent agent today. Because proper liability insurance isn't a maybe; it's a must.
