

# An accident just put your car in the shop. What kind of repairs will your insurance provide?

Repairs that always include  
original equipment manufacturer parts.  
(like you get with Chubb auto insurance)

Repairs that almost always include  
"after-market" parts.  
(like you get with standard auto insurance)

**W**hen you get into a covered accident, Chubb knows you will want your car repaired correctly. That's why Chubb *Masterpiece*<sup>®</sup> Auto Preference<sup>®</sup> automatically includes repairs with original equipment manufacturer (OEM) parts.

If your auto insurance requires that you repair your car with "after-market parts" or charges you extra for asking for OEM parts, maybe it's a good time to consider Chubb. Because for good drivers, Chubb rates are now some of our best ever.

Call your Chubb independent agent today. Because anything else is just "after-market" insurance.
