REPLACEMENT COST - NORTH CAROLINA

FORM DP 00 01 ONLY

CONDITIONS

E. Loss Settlement is replaced by the following:

E. Loss Settlement

In this Condition **E.**, the terms "cost to repair or replace" and "replacement cost" do not include the increased costs incurred to comply with the enforcement of any ordinance or law except to the extent that coverage for these increased costs is provided in Other Coverage **12. Ordinance Or Law**. Covered property losses are settled as follows:

1. Property of the following type:
 - a. Personal property;
 - b. Awnings, carpeting, household appliances, outdoor antennas and outdoor equipment, whether or not attached to buildings; and
 - c. Structures that are not buildings;

at actual cash value at the time of loss but not more than the amount required to repair or replace.

2. Buildings under Coverage A or B at replacement cost without deduction or depreciation, subject to the following:
 - a. If, at the time of loss, the amount of insurance in this policy on the damaged building is 80% or more of the full replacement cost of the building immediately before the loss, we will pay the cost to repair or replace, after application of any deductible and without deduction for depreciation, but not more than the least of the following amounts:
 - (1) The limit of liability under this policy that applies to the building;
 - (2) The replacement cost of that part of the building damaged with material of like kind and quality and for like use; or
 - (3) The necessary amount actually spent to repair or replace the damaged building, on the premises described in the policy, or some other location within the State of North Carolina.
 - b. If, at the time of loss, the amount of insurance in this policy on the damaged building is less than 80% of the full replacement cost of the building immediately before the loss, we will pay the greater of the following amounts, but not more than the limit of liability under this policy that applies to the building:
 - (1) The actual cash value of that part of the building damaged; or
 - (2) That proportion of the cost to repair or replace, after application of deductible and without deduction for depreciation, that part of the building damaged, which the total amount of insurance in this policy on the damaged building bears to 80% of the replacement cost of the building.
 - c. To determine the amount of insurance required to equal 80% of the full replacement cost of the building immediately before the loss, do not include the value of:
 - (1) Excavations, footings, foundations, piers, or any other structures or devices that support all or part of the building, which are below the undersurface of the lowest basement floor;
 - (2) Those supports in (1) above which are below the surface of the ground inside the foundation walls, if there is no basement; and
 - (3) Underground flues, pipes, wiring and drains.

- d.** We will pay no more than the actual cash value of the damage until actual repair or replacement is complete. Once actual repair or replacement is complete, we will settle the loss as noted in **2.a.** and **b.** above.

However, if the cost to repair or replace the damage is both:

- (1)** Less than 5% of the amount of insurance in this policy on the building; and
- (2)** Less than \$2,500;

we will settle the loss as noted in **2.a.** and **b.** above whether or not actual repair or replacement complete.

- e.** You may disregard the replacement cost loss settlement provisions and make claim under this policy for loss to buildings on an actual cash value basis. You may then make claim for any additional liability according to the provisions of this Condition **E. Loss Settlement** provided you notify us of your intent to do so within 180 days after the date of loss.

All other provisions of this policy apply.
