Re: Changes to Your Auto Policy

Dear Client,

The enclosed notice lists a number of changes in your auto policy with ACE. We encourage you to read the entire notice as well as your policy, but we would also like to briefly explain the direction of the changes and the rationale behind them.

Our goal is to always provide coverage tailored to meet the evolving and unique needs of clients like you. Therefore, we have enhanced coverage in a number of areas. For instance, we are expanding the coverage territory for non-owned autos by providing coverage afforded under the policy (other than UM/UIM coverage) on a worldwide basis where our policy is legally recognized by the local jurisdiction as long as rental/loan is for 60 days or less. In addition, we are providing up to \$1,000 of pet coverage for veterinarian expenses and other related expenses, if your pet is injured during a covered property loss.

We also want to encourage better communication between you and us in regards to situations that indicate a heightened risk of loss. Better communication allows us to suggest ways to keep your family and property safe, as well as to determine your coverage needs more accurately.

Again, we encourage you to read this notice and your policy. If you have any questions, your agent or broker will be able to answer them for you.

We appreciate your business and your trust in us as a client of ACE Private Risk Services.
