

Help protect your online information

Help protect your online information from being an open network

With all the ways technology has enhanced our lives, we're committed to providing our clients with comprehensive cyber protection that helps you avoid the lasting impact of emerging concerns - like identity theft, hacking, cybercrime, and cyberstalking.

At Chubb, we're always looking for ways to do more for our clients by coordinating the solutions you need to respond to digital threats.

That's why we've partnered with Norton by Symantec to help protect your personal information on your connected devices with a secure, high-performance Wi-Fi router. Norton Core is available for \$179.99*, a discount for Chubb clients only. To purchase Norton Core, please visit: <https://us.norton.com/coreforchubb>.

Through Chubb's partnership with Norton by Symantec, you'll receive the following benefits:

Protection at the Network Level:

Norton Core helps fend off cyber-threats before they can compromise your home network and personal data.

Norton State-of-the-Art Security¹:

With the purchase of Norton Core, you'll also receive a one-year complimentary subscription to Norton Core Security Plus to help protect your home network and an unlimited number of your connected devices.

- Helps shield your devices against ransomware.²
- Includes 25 GB of online storage that lets you create a backup copy of the files from your computer for safe keeping.
- **Security Score:** Norton Core monitors data from your connected home, identifies security issues, and sums it all up in a single, powerful number. If there's a problem, Core jumps in with timely insights and tools to get you back on track.

Ultimate Wi-Fi Performance²: Norton Core has a powerful dual-core processor. With it, you can stream your favorite movies in 4K, play online games, and download content all at once.³

Mobile Network Control: The Norton Core app is easy to use right on your phone. You can manage your home network and see which devices are connected to your network.⁴

Smart Parental Controls: You can easily monitor and manage your children's screen time, set content filters, and even pause the entire network - right on the app.⁵

Cyber Protection

Upload and Download Speeds: Know your device and network bandwidth.

Screen Time Management: Put family time first by limiting or even turning off your network connection.

Device Discovery: Have your connected smart devices recognized automatically.

Pause All: Revoke access by individual or put the whole network on pause.

Guest Access: Create secure guest networks with ease, to help protect your family's accounts.

Bedtime: Set it and forget it. Once the Internet goes to bed, your family will too.

To purchase Norton Core, please visit <https://us.norton.com/coreforchubb>.

* Subscription renewal is required for security and parental control features after 1-year complimentary term. Subscription will automatically renew at \$9.99/mos. (plus applicable taxes). Payment method required at purchase. Please review complete terms during setup.

1. Norton Core Security Plus subscription is required to maintain security and parental control features after the complimentary subscription term concludes.
2. Available for PC and Android only.
3. Maximum wireless data rate is derived from IEEE standards 802.11 specifications. Data speed and range may vary due to network conditions building materials and construction, obstacles and interference. Deep packet inspection, a security feature, may also affect speed. Other adverse conditions may also lower actual data rate and wireless coverage.
4. Requires a mobile data plan or an internet connection.
5. Norton Family and Norton Family Premier features are not supported on Mac.
